District: [Kettering](#)

County/Unitary Authority: [Northamptonshire](#)

Region: [East Midlands](#)

Country: [England](#)

Height: 147.4m

We hope you will enjoy your new home and find the information in this Pack helpful. Please say hello to your neighbours. If you need help or information about anything hopefully one of them will be able to assist you.

Dingley is known as a "scattered" community. That is to say the homes in the Parish are spread along the A427, down Braybrooke Road and Sutton Lane [as it is known locally, but actually named Dingley Lane on

Ordnance
Survey and
Satellite
Navigation
Systems], and
along Church

found near the top of Church Lane behind the last of the thatched cottages. This is probably the most important meeting place for the community. On the first Friday evening of most months there is a social event of some kind, organised by the Village Hall Committee (this page). These range from simple Pub Nights, when the bar is open, to the fish and chip charity supper, to full blown Burns Supper. A programme of events is published in the Dingley Village Pump (more later), and flyers are delivered in advance of each one.

The Village Hall is also used for the meetings of the Parish Council (next page), held every month except January and August.

It is also possible to hire the Village Hall for private events. This can be done by contacting any member of the Village Hall Committee.

Of course, all of these events are not taking place currently because of covid19 restrictions. We all look forward to the time when social life in Dingley can resume!

The Automatic Exterior Defibrillator is situated on the outside wall of the Village Hall, and is regularly checked to ensure it is in working order.

Dingley Parish Council

The Parish Council meets regularly to discuss local issues such as planning applications, Neighbourhood Watch, safety of parish assets, rights of way, links with the Village Hall committee. There are single projects, such as drawing up a plan for if there were an emergency that affected some or all of the village. An example of this would be if there were to be a major traffic accident on the A427, maybe involving fire or chemical spill. Currently (autumn/winter 2020) the Council are involved, along with interested villagers, in trying to solve the problem of heavy and speeding traffic on the A427 through the village. Alongside this, the council is in contact with the Borough and County councils concerning the lack of continuous footway through the village. The meetings are attended by a Borough Councillor and a County Councillor to act as a link with the bigger authorities. Members of the public are welcome to attend the meetings; details from the Parish Clerk. Dates of meetings are posted on the parish noticeboard on the A427 opposite the junction of Braybrooke Road.

ALL SAINTS - DINGLEY PARISH CHURCH

A church has stood on this site for over a thousand years. Built in 1292 by Hugh De Dinglele on the site of an older place of worship, the church dates mainly from the 15th century but on the south side of the chancel and the nave the arcades are Norman. The Griffin and Hungerford families, who resided at the Hall, are represented and there are two brass tablet memorials to the 8th and 9th Viscounts Downe.

In the churchyard is a grave prepared for Admiral Lord Beatty, Admiral of the Fleet, and his wife Ethel Lady Beatty. Lord Beatty was interred in Westminster Abbey, leaving Lady Beatty alone in Dingley churchyard. Also in the churchyard is one grave identified by the Wargraves Commission.

There is an 'Adopt a Grave Scheme' in the churchyard, whereby some villagers look after old graves where the families are long gone.

The church has a perpendicular porch which is at least 500 years old and has carved bosses in the beams of the roof, one an angel with hands folded in prayer and a very fine moustache!

As burials no longer take place in the churchyard, there is a cemetery next to the Village Hall at the top of Church Lane.

The Church is found by going through the blue gate set in the wall at the bottom of Church Lane. From the gate a gravel path leads you through a pleasant garden walk to the Norman

church set on a slight mound. The walk to the church is along a wooded path set at all times throughout the year with flowers, especially snowdrops and wild daffodils in the spring and naturalised cyclamen in the late summer.

Friends of Dingley Park

On the north side of Dingley is a beautiful stretch of 100 acres of traditional parkland. This is private land, but there is a limited amount of access to it for walking. Between October and Easter it is possible to buy a permit to become a Friend of Dingley Park; £25.00 per season per household. From October to Easter there is no access.

This is the decision of the land agent who acts for the absentee owner.

The Friends scheme is administered for the village by Councillor Steve Dudson. Contact him for further details at steve.dudson@gmail.com

Dingley Hall

Dingley Hall sits on a high ridge overlooking the Welland Valley. Originally a foundation of the Knights Hospitallers the house and land were given to Edward Griffin, treasurer to the boy king Edward VI. During the 1550s Edward Griffin built a fine house on the site. Since then the building has been modified many times. The bulk of what stands today dates from the mid-17th century. It remained the family home of a series of families until the mid 20th century. After serving as a nursing home in WW2 the house fell into disrepair and was in danger of complete dereliction until it was rescued and converted into seven houses and three apartments.

The house and its grounds are private, and should be respected as such. However, the residents jointly own the drive from the lodge on the A427, and the land around it, and are happy to give permission for villagers to walk there. For obvious safety reasons, children should be under supervision, and dogs must be kept on a lead. The drive is effectively a fairly busy single track road, and should be treated as such.

The Dingley Village Pump

The Pump is a quarterly newsletter delivered to everyone whose email address is on the list held by Fiona Barnaby, chair of the Village Hall committee (page 2). Please make sure you have this contact with Fiona, as you will get all kinds of interesting stuff from her. The Pump has details of all social events as well as other items submitted by villagers. Recent issues have covered topics such as gardening tips, travels in South America, a look at interesting words, healthy recipes, poems about Christmas, instructions for making a decorative angel, some village history, as well as the usual reports. No social events in covid times unfortunately, but that will change.

Submissions to the Pump are very welcome, in fact necessary or the editor would have to write it all herself. If you are reading this it is probably because you are new to Dingley, so why not introduce yourself with a short article.

Submissions to elaine.whitesides@btinternet.com .

Footnote:

As of 1st April 2021 Northamptonshire County Council will cease to be a single body, and the smaller local authorities will be reorganised into two unitary authorities, West Northamptonshire, and North Northamptonshire which will include Dingley. Much of the above information re. local government will change.
